

Tools and Techniques for Speech and Language Processing

University of Illinois at Urbana-Champaign

Week 03 of 16 — Day 06 of 29

Quiz (~10 minutes)

Review HW03 (~15 minutes)

For the remainder of class, you may work on any of the following:

- Write a bash script that prompts the user to enter an integer, and then prints out "hoo" if the number is divisible by 2, "rah" if divisible by 5, and "hoorah" if divisible by 2 and 5". Then, try to replicate that script in Python.
- Continue working on the daily challenge from day05.
- Work on hw04.
